5 - 7. The Project

- The plan includes WHAT needs to be done, WHO will do it, HOW is it funded.
- Development of one page description of project to be used by Committee members and for dissemination to the business owners and community at large.
- Tony & Eleanor (Integrated Infrastructures) have started a website as an informational site for the project, a wish list, links to other projects in area, and to receive feedback from community.
- T&E are reviewing the many reports and studies that have been conducted over the years and incorporating them into the details of the Project.
- Coordination required with:
 - PGE re: undergrounding, Caltrans re: Hwy 89 work
- Use the Quincy Streetscape Program as a source for ideas and changes.
- Currently the Plan must be completed by the beginning of winter and approved by the Committee and sent to the Board of Supervisors for acceptance.
- Aerial photos done last fall by Public Works will be essential to Project

Ideas and concerns:

Street Sweeping
Maintenance programs
Art & Sculpture details
Driving/walking "tours" to identify possibilities - take photos, document
