

Greenville Streetscape Steering Committee  
Minutes for September 24, 2007  
6:35 pm, Civic Center

1. Introductions

Ginger Gramm

Lanis LeBaron

2. Discussion

Talked about use of the Civic Center property and ideas suggested so far, specifically the idea of a permaculture garden. Also spoke about the Community Center and the Community Garden.

Looked at some old pictures of downtown and discussed possible replacement of some of the old porches with different types of trees being placed in between them. Maybe planters incorporated with buildings with porches.

Talked about more trees at the high school, grouped or staggered instead of in a straight line.

3. Adjourn approximately 7:15
